

# Celebrate Nursing – Praise A Nurse Today!

Professional nurses touch the lives of millions every day. By combining compassionate care with clinical reasoning and scientific expertise, nurses make a difference all day every day – at home and at work. Nurses coordinate the complex business of healthcare in a variety of settings and specialties. Join us to Celebrate Nursing by Praising a Nurse (or nurses)! Donate to the NNF to celebrate or remember a nurse and we will send a personal message sharing your pride in them.
